

Handmade in Italy

The quality of our non toxic chess set

Chessstoreonline.com by 113 Viasantamaria srl certifies that all the products sell on this e-commerce are made with Non Toxic raw materials.

The products showed on the on-line catalogue have not heavy metal inside (antimony, arsenic, lead, cadmium, barium, mercury) and also their soluble ion.

If in the products are any little parts of this heavy metal inside, the quantity is lesser than the one's enable by law (European law of toys EN71 3rd part).

The raw materials are registered for this specific use as REACH rules expected: they are allowed by the European standard of security.

So, the products sold on this e-commerce are not injurious to health.

Don't hesitate to contact us for any further information, write an email to info@venditascacchi.it.
